5. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

The Pima County Board of Supervisors (PC-BOS) as the governing body for the Pima County Air Quality Control District adopts rules for Pima County Code (PCC). The Pima County Air Quality Control District operates within the Pima County Department of Environmental Quality (PDEQ). PDEQ periodically

proposes updates to PCC by and through the rulemaking process set forth by the PC-BOS. This rulemaking is proposed to conform to the Code of Federal Regulations (CFR) in an effort to achieve consistency and accuracy in Title 17 of the Pima County Code. PDEQ is proposing new and updated incorporations by reference of the following federal regulations: Acid Rain, National Emission Standards for Hazardous Air Pollutants (NESHAP), New Source Performance Standards (NSPS), and other parts of Title 40 CFR. The federal regulations would be incorporated as of July 1, 2019. The intention in updating the incorporations by reference is to continue its delegated authority from EPA to implement and enforce the Acid Rain, NESHAP, and NSPS programs in Pima County. These updates include changes to Sections PCC 17.04.070, PCC 17.04.340, PCC 17.11.160, PCC 17.12.040, PCC 17.12.070, PCC 17.16.390, PCC 17.16.490, and PCC 17.16.530.

Miscellaneous Incorporations by Reference: The provisions in Sections PCC 17.04.070, PCC 17.11.160, and 17.12.040 have been updated from July 1, 2015 to July 1, 2019. These provisions are cited throughout Title 17 of the Pima County Code, but are incorporated by reference once for convenience.

VOC Definition: PDEQ is updating its definition of "Volatile Organic Compounds (VOC)" to reflect the changes in the federal definition from 40 CFR 51.100, amended at 81 FR 9339, February 25, 2016, 81 FR 50330, August 1, 2016, and 83 FR 61127, November 28, 2018. These revisions are reflected in the PDEQ definition of VOC at Section PCC 17.04.340.

Acid Rain: Federal regulations already incorporated by reference from 40 CFR 72, 74, 75, 76 and all accompanying appendices have been updated from July 1, 2015 to July 1, 2019, at Section PCC 17.12.070.

NESHAP and NSPS: Federal regulations already incorporated by reference from 40 CFR 60, 61 and 63 have been updated from July 1, 2015 to July 1, 2019, at Sections PCC 17.16.390, PCC 17.16.490, and PCC 17.16.530.

6. Demonstration of compliance with A.R.S. § 49-471.08 expedited rule or ordinance making:

A county may declare an expedited rulemaking and is not subject to A.R.S. § 49-471.07 if the rule is adopted pursuant to A.R.S. § 49-112(B) and the rule incorporates a conforming change to directly reflect federal or state rule or law. PDEQ is updating Pima County Code Title 17 to directly reflect changes in federal and state rule or law.

7. Reference to any study relevant to the rule that the control officer reviewed and either relied or did not rely on in its evaluation of or justification for the rule, where the public may review each study, all data underlying each study, and any analysis of each study and other supporting material:

8. A showing of good cause why the rules are necessary to promote a statewide interest if the rules will diminish a previous grant of authority of a political subdivision of this state:

Not Applicable

9. The preliminary summary of the economic, small business, and consumer impact:

PDEQ periodically proposes updates to PCC by and through the rulemaking process set forth by the PC-BOS. This rulemaking is proposed to update its incorporations by reference of the following federal regulations: Acid Rain, New Emission Standards for Hazardous Air Pollutants (NESHAP), New Source Performance Standards (NSPS), revise the definition of Volatile Organic Compounds. These revisions should not have an economic impact on businesses in Pima County, and should not impose additional costs on the regulated community, small businesses, political subdivisions, and members of the public beyond that already incurred by reason of federal or state rule or law. The costs of compliance for the Acid rain, NESHAP, NSPS, and Volatile Organic Compounds definition have already occurred, and were considered when the federal and state rule or law was proposed and adopted.

10. The name and address of agency personnel with whom persons may communicate regarding the accuracy of the economic, small business, and consumer impact statement:
